

Clues of MPD/DID

- ☐ missed periods of time
- ☐ darkness may surround them
- ☐ sudden changes in behavior, voice tone or handwriting
- ☐ Gothic clothing
- ☐ making contradictory statements such as “I don’t like blue” and then saying “Blue is my favorite color”
- ☐ extremes in personality
- ☐ knowledge of parents, grandparents or other relatives that have been involved in psychic or occult practices
- ☐ MPD/DID diagnosis in the past
- ☐ removal from the home as a child by the state
- ☐ emotional flare ups and unusual behavior at certain holidays or times of the year
- ☐ unexplainable scars
- ☐ demonic tattoos
- ☐ hysterical reaction to a seemingly non-threatening event, comment or situation
- ☐ bizarre, irrational behavior
- ☐ family member with a history of mental illness or severe chemical imbalance
